

HIGH INCOME PASS-THROUGH SECURITIES INDEX

as of 6/30/23

An index designed to generate income from exposure to high income pass-through securities including: Closed End Funds (CEFs), Business Development Companies (BDCs), Real Estate Investment Trusts (REITs), and Energy Master Limited Partnerships (MLPs).

The Case for High Income Pass-Through Securities

The index provides simple, diversified exposure to four alternative income categories that must “pass-through” and return 90% of their taxable income to shareholders.

- 1. Access Diversified Sources of Alternative Income** – Provides exposure to high-yielding asset classes utilizing a diversified, equal-weighted approach.
- 2. Complement to Fixed Income** – Uncorrelated with fixed income securities, boosting yield while reducing risk.
- 3. High Income Potential** – The index selects the highest yielding securities in each alternative income category with the lowest level of volatility.

A Diversified Source of Alternative Income

Passive Income Opportunities – Providing convenient, diversified exposure to four alternative, high yielding income categories.
